National Institute for Research in Education

**Holding of the Scientific Council of the National Institute for Research in Education in its First Ordinary Session**

**03 May 2023**

On 3 May 2023 at 09:00 am in the meeting room, the National Research Institute of Education hosted the Scientific Council of the Institute in its first ordinary session for the year 2023 to review the scientific outputs of some research projects that the researchers of the four research divisions are working on.

At the end of the session, the members of the Scientific Council praised the work accomplished by the researchers within the framework of research projects, after which the meeting's conclusion was announced at 12:15 of the same day.
