National Institute for Research in Education

Report of the Educational Program of the Library

May 21, 2023

On the occasion of the commemoration of the National Student Day, corresponding to May 19 of each year, the National Institute for Research in Education developed an educational program on Sunday, May 21, 2023 at the level of the multimedia library "**Omar Yassef**" under the slogan "**Your way to success**", at the initiative of specialized researchers of the Institute to provide advice and guidance to pupils who are about to take the baccalaureate and the middle- school exams.

The guests began by visiting the corners of the Institute's library "**Omar Yassef**" and the workshops started at 9:30 am at the library level. The first workshop focused on "**sharing the successful experiences of students**", moderated by **Dr. Lahcen Azzouz**, **Dr. Mouhsen Boulbazine** and **Dr. Kihel Besma**, and this workshop aimed to present the experiences of researchers with the baccalaureate exam. The second workshop entitled: "**Psychological Support and Physical Preparation**" was moderated by **Dr. Saadat Fadila** and it aimed to provide the necessary advice and guidance for psychological preparation in addition to provide tips and a proper nutrition strategy during the period of exams. The third and final workshop entitled "**Planning and reviewing: a way to answer and manage time during the exam**" was moderated by **Dr. Houria Chergui**, and it aimed to present ways to achieve success by obtaining excellent performance for pupils.

These activities concluded with the presentation of certificates of thanks and appreciation by the Director of the Institute to the teachers and pupils participating in this educational activity.
