**First International Conference Report on
Content Production Tools and E-Learning Platforms through Previous Studies**

25 September 2023

The continuous development of information and communication technology in education has led to a reset of the traditional pedagogical process. This involves gradually replacing unidirectional teaching methods with interactive and participatory approaches that encourage learners to build their own knowledge. Therefore, innovative content production enables interactive learning experiences that engage learners in the educational-learning process through simulations and meaningful experiences.

In light of this, the National Institute for Research in Education organized this international conference on: "Content Production Tools and E-Learning Platforms through Previous Studies "a UNESCO- project in collaboration with the National Institute for Research in Education "Lockdown and its impact on education in Algeria towards a national digital platform for educational resources for sustainable development", under the supervision of **Pr. Bernaoui Radia**, with the presence of **Mrs. Bouhara Nadia**, Responsible for Relations at the Algerian National Commission for UNESCO.

The international conference began at 8.30 am with the Algerian national anthem, followed by the speech of **Pr. Bernaoui Radia**, and then the speech of **Mrs. Bouhara Nadia**, UNESCO's responsible in the Algerian National Commission. After which she announced the official start of the conference of this conference, which included four scientific presentations, chaired by **Dr. Sefadj Zine Eddine**.

The first presentation was made by **Pr. Maach Youcef**, discussing: " Scopes and Limits of Distance Learning in Algeria: The Case of University during the Covid-19 Pandemic". The second presentation was by Dr. Tami Belhaj on: " Open education: Create and Share Interactive Content with H5P ". The third presentation was made by **Dr. Rebei Mohamed** focused on: " Concept of VOD Platforms for E-Learning ". The fourth presentation by **Miss Kessal Inas** and was about: " The AtechWin online educational platform ", and both **Dr. Chebib Abdelkrim** and **Dr. Bousbia Nabila** were rapporteurs.
